

Jinhua Chengkang Vehicle Industry Co., Ltd

WHY CHOOSE US

Jinhua Chengkang Vehicle Industry Co., Ltd. located in Yongkang City · Zhejiang Province · is a professional manufacturer and exporter of mobility scooters, scooters and other relative vehicles. We have a professional production, technology, international sales and after- sales team.

For years, we have remained dedicated to the R&D, production, and sales of high-quality mobility scooters for the elderly.In response to the physical functional characteristics and travel needs of the elderly, we have abandoned the bulky and rudimentary design of traditional scooters, integrating automotive-grade safety standards and humanized design into our products. Our core products cover multiple series, including four-wheeled low-speed electric scooters, portable folding scooters, and multi-functional walking aids, fully meeting diverse needs of the elderly and people with limited mobility in daily shopping, leisure activities in parks, short trips, and other scenarios.

We firmly believe that the quality of a product lies in its details.

In the future, we will continue to deeply explore the field of mobility, using technology to warm the elderly and enable every senior to confidently step out of their homes and enjoy the beautiful moments of their later years."
